## CORPORATE SOCIAL INVESTMENTS

### CSI (Partner) - NGUKHUMBA COMMUNITY DEVELOPMENTS (NPC)

P AND M Fresh Produce is a proud donor of fruits and vegetables to various orphanages and other worthy children's organizations, a strategic partner of Ngukhumba Community Developments (NPC). Our partnership only focuses on linking destitute children with relevant orphanages or children's homes; and to ensure that the same homes are supported with freshly produced fruits and vegetables to make sure that no child goes to bed on an empty stomach in South Africa.

Even though we're a charity for children, we understand that parents want nothing more than to help their children in need and cannot do so due to financial restrictions. We aim to positively increase the quality of life for South Africa's disadvantaged families by encouraging, informing and educating the parents about good family nutrition throughout the process.

We are currently based in Alberton North of Johannesburg at our Company Head office, and we continually support all registered and accredited children's organizations with an aim and objectives to develop, encourage, support and change children's lives for the better.
